Improved Play Spaces Workshop

Monday, January 23, 2012

(School Improvement Day)

Time 12:30 – 3:00

Isabel F. Cox School Gym

Everyone Welcome!

Parents, Staff and Community Members,

Last spring as part of our ongoing school improvement planning for Isabel F. Cox School, parents and staff indicated the desire to improve outdoor areas on the school grounds. School council has raised funds through its Casinos and fundraising to support this effort.

To date, one outdoor classroom has been completed and a second is planned with work currently underway. This workshop will begin the planning for improving the larger playground areas.

Please join us as we begin this exciting work to make our school grounds more enjoyable for everyone. Mrs. Melissa Gogolinski will be on hand to facilitate the workshop.

If you plan on attending this event, please contact the school at 403 548-3449 to register with the office. We'd like to ensure we have adequate seating for everyone interested in attending.
