

April 13, 2010

Dear Parents,

Prairie Rose School Division announced their decision to offer 0.8 FTE kindergarten programs at Isabel F. Cox School next year. This means that kindergarten programming will be offered for 4 full days per week. No decision has been reached regarding kindergarten fees at this time.

In anticipation of this decision, we have been researching the possibility of offering one day per week of child care to kindergarten aged children at our school. For example, if a child attends kindergarten from Monday through Thursday, they could possibly attend child care at the school on Fridays. This care would be provided at a cost that would be competitive with local daycare facilities, and would also be eligible for government subsidies. In order to pursue this further, we need to know if there is adequate interest in this option. Please complete the form below and return it to the school by April 23.

-----

I would like my kindergarten child to attend child care at the school one day per week on the day that they do not attend kindergarten (possibly Monday or Friday). I am aware that fees will be charged for this service that is comparable to other daycare facilities.
